Dear Ministers Charlebois & Barrette,

The Special Needs Advisory Committee of the Lester B. Pearson School Board in Dorval, Quebec wishes to acknowledge the recently announced "Autism Action Plan". This comprehensive strategy outlined with the detailed formula for the distribution of funds is a good beginning to provide additional services and support for members of Quebec society with an autism spectrum disorder.

We appreciate this initiative as proof that the Quebec government is hearing the voices of parents speaking for their children on the spectrum and we commend the Miriam Foundation for their recent online advocacy campaign.

Respectfully,

Jennifer DiMarco
Chair - Special Needs Advisory Committee
Lester B. Pearson School Board
